

Monday April 27th

Dear all,

From next week on, I will post 1 week of work at a time, broken down for each day. This more structured approach may help some of you. I will keep it simple and short.

Again, it is up to you, your child and your family situation what you do and when you do it. I will also prescribe spellings from next week.

As I prescribed a fortnight last week, you have plenty of work for this week.

I hope yesterday wasn't too 'weird' for any of you with no Communion. I promise you will all have the most fantastic Holy Communion Day when all this is over.

Continue with the work you are doing and yet please be reassured your child is fine, will be fine and is more than able to catch up upon his/her return to school.

Just one note for this week;

Grow in Love – Religion programme.

This is available online at www.growinlove.ie . Parents can now access this for free using the email login: trial@growinlove.ie. Password: growinlove. Click on Second class, Theme 8, lesson 1. The children can listen to story about the Ascension. Have a look at the beautiful picture of the Ascension.

Your child will help you navigate this website as they are well used to it! Your child will show you how to light a candle online.

You should also be able to see prayers/ hymns etc on this website that we were practising for our Communion.

Be helpful, be kind and be safe.

See you soon,

A Macnamara
