

Hi everyone. I hope you are all keeping safe and well. Here are some ideas to try and get completed this week leading up to the Easter holidays. Try to get some work done every day to continue a routine for your child – every little bit will benefit your child’s learning. Well done in advance on whatever you can get completed!

**English:** Learn the following spellings and put into sentences in your sentences copy.

Spelling sentences –

1. square
2. share
3. flare
4. scare
5. hare
6. dare
7. mare
8. Clare
9. care
10. stare

My Diary: A suggestion would be for your child to keep a diary. It can be as simple as drawing a picture of what they did during the day, write a few words or sentences to match the picture and record the date.

Read some more stories on the Oxford Owl website, complete some fun activities and pick your favourite part of the story and draw or write about it.

<https://home.oxfordowl.co.uk/reading/>

**Maths:** Try to get the next week of your Mental Maths sheets completed and practice addition tables already learned.

**Grow in Love:** At the moment there is free access to the online Grow in Love resources by going to the website [www.growinlove.ie](http://www.growinlove.ie) and using the following login details:

Email: [trial@growinlove.ie](mailto:trial@growinlove.ie) Password: growinlove

Click on the first class workbook and go to Theme 7: Holy Week and Easter. Have a look at the resources here with your child and complete pages 40 -43 in their workbooks with them.

**Easter Arts and Crafts:** Have a look at the following website for some simple and fun ideas for your child to make for Easter. <https://www.easypeasyandfun.com/easter-crafts-for-kids/>

Finally Twinkl.ie is a fantastic online resource for all subjects. They have created school closure packs for each class with a variety of activities from various subjects.

The Home Learning Hub is another fantastic tool they offer, which has a structured timetable of lessons/activities starting at 9am. To access these resources go to [www.twinkl.ie](http://www.twinkl.ie) and use the code IRLTWINKLHELPS to log in.

Well done on whatever you get covered. Take care and Happy Easter.

Mrs Buckley.
